OLD MILLS TRAIL

The Old Mills Trail is located along a section of Albemarle County's Rivanna River Greenway. The Greenway and trail system is proposed to run from Darden Towe Park at Pantops downriver through Shadwell and Milton to eventually meet with Fluvanna County's Heritage Trail where future connections to the proposed James River Heritage Trail are possible.

PANTOPS

The Rivanna River was the first in Virginia to be designated a Scenic River. And while the natural and scenic character of the Rivanna is remarkable, the Rivanna also bears some remarkable secrets of our cultural heritage.
